DEVELOPING RESEARCH SKILLS: JOIN THE INFORMATION LEAGUE!

College students! You will develop information literacy superpowers through this guide and each time you conquer another college research assignment. Don't be afraid to learn more and to hone your superpowers with each opportunity!

According to the Association of College and Research Libraries' *Framework for Information Literacy for Higher Education*, "**information literacy** is the set of integrated abilities encompassing the reflective discovery of information, the understanding of how information is produced and valued,

and the use of information in creating new knowledge and participating ethically in communities of learning." In other words:
